Address	1284 Prospect Street, Hatfield, Pretoria	Mobile Phone	+2782 301 7299
Date of Birth	14 th July 1995	Email	reinhardt.cromhout@gmail.com
Nationality	South African		

Personal Profile

As a third year Computer Science student at the University of Pretoria I have excelled at my first and second year subjects. I received an award as the top BSc Computer Science student in 2014 and the second best BSc Computer Science student in 2015. I have always focused on gaining useful knowledge and mastering concepts and the good marks are just a result of that. I worked for a year as a systems administrator for the School of IT at the University of Pretoria.

Due to the concept based approach of my degree I am not only proficient in the languages and technologies that I have been taught, but I have the ability to learn similar languages and technologies fairly quickly. In addition I also have strong people skills and am comfortable with leading meetings, delegating tasks and enforcing deadlines.

Education

- 2009-2013** Secondary Education - Helpmekaar Kollege
86 % matric average
7 A's
- 2014-2016** BSc Computer Science (Still in final year of Degree) - University of Pretoria, South Africa
